Congress Hotel.

WEDNESDAY, DECEMBER 2d

9:00 A. M.: INTERNATIONAL SHORTHORN CONGRESS
SALE - Stock Yards Sale Pavilion

Standard Guarantee
OF
**AMERICAN SHORTHORN BREEDERS
ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

International SHORTHORN

Information for the Buyer

LOCATION: Sale will be held in Stock Yards Sale Pavilion South of 43d entrance to yards.

MAIL BIDS: Those unable to be present who desire to take advantage of the buying opportunities in this sale may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you.

Representing **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

Allan C. Atlason — Clem Larson — Ted Aegerter — Ralph Heinemann — Carl O. Parker
Representing **THE SHORTHORN WORLD**, 16 South Locust St., Aurora, Ill.
Hal Longley Merv. Aegerter Don Longley Ned Place

SHIPPING ARRANGEMENTS: It is the obligation of the consignors and this Association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition.

BE SURE TO LEAVE DEFINATE SHIPPING INSTRUCTIONS WITH THE SALE CLERK

LIABILITY: Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

INSURANCE: Coverage may be secured effective at the time of sale.

GUARANTEE: All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEERS: J. E. Halsey, Des Moines, Iowa.
C. D. Swaffar, Tulsa, Oklahoma.

HEADQUARTERS: Congress Hotel in downtown Chicago. Write direct for accommodations. Be sure to mention this Association.

Allan C. Atlason, Secretary,
AMERICAN SHORTHORN BREEDERS' ASSOCIATION
7 Dexter Park Avenue, Chicago 9, Illinois.
Phone Yards 7-0363.

1952 International

Grand Champion Bull

Leveldale Good News by Calrossie Good News, Grand Champion bull and Supreme Champion of the 1952 International. Bred by L. E. Mathers and L. E. Mathers, Jr., Mason City, Illinois and owned jointly by the Mathers and John Alexander & Sons, Aurora, Illinois.

This outstanding Senior Yearling proved a true champion by virtue of his impressive record. He crowned his colorful career in the showring by winning this year's supreme championship. The sensational record of this great-headed white purple winner included the Reserve Grand Championship at the 1951 Omaha National Show, American Royal, Eastern National and International, as well as Grand Championships at the 1952 American Royal and Eastern National. He was also awarded the silver cup for the best Shorthorn exhibited at the International - a trophy awarded annually by the Shorthorn Society of Great Britain.

It has been said that no price is too high for the right bull. Every bull in this sale will be right for some herd and the top-selling bull will be none too high for a herd of superior quality females of like type and conformation.

REFORD W. GARDHOUSE

KELBURN PATROL - Was third prize Senior Calf and a member of the second prize Pair of Bulls--and this bull with the heifer we are consigning were members of the first prize Group of Three Calves at the 1952 Royal Winter Fair.

Tops as Profit Makers

The Swing

is to

Shorthorns

We take justifiable pride in the recent trend back toward the increased use of Shorthorn bulls on western ranges as evidence that our breed is producing the kind of cattle that are proving the answer to the range man's problems. With the ever-increasing awards to Shorthorn steers in the Nation's shows for grand and reserve grand championships over all breeds in single steers, as well as carlots of fat and feeder cattle, new impetus has been added to the respect of beef producers everywhere for the improving qualities of the Shorthorn weight, scale and ample milk flow.

The commercial trade adjusts its stride to public demand, but looks always to the highest quality in purebreds to lead the way to greater improvement. We need your help to supply this unfilled demand for carloads of Shorthorn bulls to be used on range cows for that added finish and extra 50 to 100 pounds more weight from grass fed steers.

There is no better place to get your foundation herd of Shorthorns than in this sale. It has no peer as a Shorthorn consignment event. Through the years it has built its reputation upon animals from herds which spell prestige in America and to offer the ultimate in fine breeding and superior type. Bulls sold in these sales have sired grand champions at most of the important shows. Sale offerings have built a national reputation for a capacity for breed improvement wherever they have gone. This year we are offering the most outstanding group of champions and potential champions it has ever been our privilege to present. All will add new impetus to breed interest in every community to which they go.

We invite you to buy with confidence when you **BUY IN THE PURPLE**

DON HILL ROYAL LEADER 54TH - Is a full-brother to Norman Findahl's Grand Champion at the 1953 Minnesota State Fair. He has been used heavily in our own herd and is ready for immediate service. He is a proven breeder.

The Scales Tell the Story:

More and more commercial cattlemen are turning to Shorthorn bulls to increase market weights in calves and yearlings. They are learning they get more than hybrid vigor in a Shorthorn - and that it's cheaper to breed the pounds on than feed them on.

The most prepotent traits in bulls are weight, gains and feed efficiency -- all traits in which the SHORTHORN has no equal. At the same time, cattlemen are opening their eyes to the vast numbers of blocky beef-type Shorthorn bulls being produced today -- bulls that are siring grand champion carloads and individual show steers all over the land. On the range or in the feedlot, Shorthorns are practical, built-for profit cattle. Their outstanding attributes of scale, weight for age and wide adaptability, combined with economical first cost, make them the logical choice for safe and profitable livestock investment. They thrive under the feed, forage and climatic conditions of every livestock section of the country.

Shorthorns OUTGAIN all other beef breeds on grass, roughage or grain . . . and OUTWEIGH all other beef breeds at any age. Yes, scale and rugged constitutions, more mother's milk, gentler dispositions and more efficient grazing and feeding traits enable them to put on beef pounds faster. They are brought to heavier weaning weights and this robust start carries over into the feedlot.

Here are sale weight comparisons made by Raymond H. Lee, Isabell, So. Dak. on his steers and heifers of the same age, raised in identical conditions as the other cattle marketed at the same time, showing what Shorthorn bulls will do:

<u>1951 Steers</u>	<u>Avg. Wt.</u>	<u>1951 Heifers</u>	<u>Avg. Wt.</u>
Whiteface -----	777	Whiteface -----	741
Brockleface -----	845	Brockleface -----	774
2nd Shorthorn Cross -----	866	2nd Shorthorn Cross -----	798
<u>1952 Steers</u>	<u>Avg. Wt.</u>	<u>1952 Heifers</u>	<u>Avg. Wt.</u>
Whiteface -----	809	Whiteface -----	None Sold
Brockleface -----	844	Brockleface -----	761
2nd Shorthorn Cross -----	874	2nd Shorthorn Cross -----	813

The practical answer to the producer's problem is a SHORTHORN bull. He will INCREASE calf crops 10 to 15 percent; INCREASE weaning weights 50 to 100 pounds; INCREASE yearling weights 100 to 200 pounds; INCREASE milk in replacement cows; INCREASE resistance to pinkeye and all other diseases; and INCREASE profit by returning higher prices for market weights.

When you breed or feed SHORTHORNS you get more beef per acre. To increase your cattle profits join the march to Shorthorns! For purebred breeding, for feeding, for sires in range and farm herd improvement, and for crossbreeding, Shorthorns fill the most exacting needs.'

Shorthorns Best in Every Weigh

STRATHORE RANSOM MARSHAL - Will appeal to those wanting good heads, horns, deep, thick, smooth-fleshed bodies. Stood fifth as a Junior Calf at the R.W.F. in a strong class of 24. A near duplicate of his sire, our C.N.E. and R.W.F. Champion, grandson of Cruggleton Braemar, whose son and grandson are highly rated at Edellyn Farms. Study his pedigree and photo. See his full brother in our show herd.

Western Editor Thinks

Shorthorns Have It!

"We feel that 1954 will be 'the' year in the livestock industry, with cattle that give efficient and economical gains having a definite advantage in making their owner a success in these times. That, we feel, should make the Shorthorn breed a popular choice with livestock men," writes Jim White, Editor and General Manager of Western Farm Life, one of the West's largest livestock publications.

JOEL W. HOPKINS **MALE**

GREENWOOD COINMAKER - Stood well up in his class at the 1952 International and was the first prize junior yearling at the 1953 Ohio State Fair.

You'll Get More for Your Dollar

With Shorthorns

The leadership of the Shorthorn profit characteristic of greater weight for age, combined with modern type and choice quality conformation is well-established under present conditions, present prices, present costs and in tune with present market demands.

You'll get more for your money with Shorthorns! Why?

Because prices paid for Shorthorns are always sensibly in line with business conditions . . . no plunging, no wild speculation, no boom or bust with Shorthorns! Their sales have been on a solid foundation and breeders are today running their business as they have ALWAYS run it . . . for sure, guaranteed, year around **PROFIT**.

ROYAL CLIPPER - A dark, red, double grandson of the All-American favorite, Edellyn Royal Leader. His sire was the top selling bull at \$5000 of the 1948 Edellyn Sale. He has consistently sired good calves for us. His dam is one of the very best cows in the Almahurst herd and always produces a good calf. She is a full sister to Edellyn Royal Leader 10th, the popular Ohio State University herd sire, and a full sister to Edellyn Clipper 40th, reserve grand champion of the 1945 International Congress. This bull has the character and thickness to work improvement in most any herd.

RANNOCH BENEFACOR - Is by a son of Pittodrie Fortune - was Grand Champion Shorthorn in the 1952 Edmonton Futurity and Reserve Grand Champion in inter breed competition.

OHIO'S LEADER 2D - Grand Champion steer over all breeds at the 1952 International Live Stock Show. He weighed 1105 pounds at 18 1/2 months of age. Bred by House & Benroth, Washington Court House, Ohio. Fed and exhibited by Ohio State University.

Grand Champions Over All Breeds

It takes purebred sires backed by a succession of noteworthy ancestors to produce the kind of Grand Champion Shorthorn steers that have gone into stiff competition to win over those produced by top sires of all beef breeds . . . to effect a comeback for Shorthorns as brilliant as any in livestock history.

Steers are the medium through which we compete with other breeds. In them all our prestige and claims for superior cattle are at stake. They are our proof to cattlemen and ranchers, to 4-H club boys and girls, to Future Farmers, to men with wealth, and to just every-day farmers that Shorthorns are the most desirable breed from all standpoints. A well conditioned steer at a show, or on the market, is a greater asset to the breed than an inferior bull sold to a farmer or a small breeder.

The age-old famous greater weight for age of the Shorthorn over all breeds gives these steers tremendous carrying power, they hold the bloom longer and are ready for exhibition or market early or late as the circumstances require.

More champion steers and carloads are possible because the breed has such a wealth of good bulls capable of producing them. Every bull in this sale has been chosen with an eye to market trends and an ear to national demand. Every one embodies the type, quality, conformation and individuality needed for interbreed recognition.

Whether you want a leader for a pace-setting herd, or an improving weight-increasing bull for a prize winning commercial herd, you will find just what you need at this International Congress Sale.

At the country's largest 4-H Club steer competition at Ak-Sar-Ben Livestock Show, Omaha, Nebr., Orlin Williams of Carroll, Nebr. showed this 920 pound Shorthorn to the Grand Championship over all breeds. Approximately 1250 steers were shown by club youngsters from four states. The steer was bred by Ernest Thiede & Sons, Burton, Nebr.

GLENBURN SUPERB - Was first prize summer yearling and Reserve Junior Champion at the Central Canada Exhibition and is a full brother of the heifer purchased for \$2000 for Massey-Harris Farms last year. Another full sister was purchased by W. H. Merry a year earlier for \$1000.

We're Proud of

this Great Annual Sale

Yes, we're proud of this great annual International Shorthorn Congress Sale, Why? Because through the years it has become installed as the greatest consignment of the year for the really herd-building kind of cattle. Many a great herd doing top business in Shorthorn cattle today can trace its real beginning to foundations purchased in the International Sales.

This year consignors are back with greater quality than ever before. It is the finest consignment of Shorthorns of Championship caliber ever assembled for auction in present day experience. You can't go wrong with a foundation herd selected from animals offered in this sale. **BUY IN THE PURPLE!**

SANDOON GALAHAD - A great prospect for a stock bull to head one of our better herds. His dam is by Garguston Peerless, the bull that has been producing the champions in the Argentine. This good bull stood first in his class at our Regional Show.

We're Expanding Horizons For

SHORTHORNS

The American Shorthorn Breeders' Association is spending dedicated time, toil and money in planned effort to promote the demand for purebreds that will guarantee a secure and prosperous future for all its breeders.

This endeavor is expected to pay off in coming months and years with greatly increased markets for our purebred animals in improvement service of farm and range beef herds.

In a country where a fast-growing population is eating increasing per-capita quantities of beef, and where the commercial producer is striving towards even more efficient utilization of his grass and grain crops, the purebred breeder may rest assured that more and more of that beef is going to be from Shorthorn animals!

BRIDEGROOM 16TH - Is a richly bred dark roan out of one of our very best breeding cows. A full-brother sold in the 1952 Indiana State Sale for \$1650 - an all-time-high for bulls in our state sales. Besides his sire he has two other imported-in-dam bulls in his pedigree - Leveldale Banker and May King. He was first in class and Reserve Champion in the Indiana State Fair Gold Medal show, as well as a member of the first prize Pair of Yearlings.

DON HILL MERCURY 47TH - Has been a consistent winner wherever shown, including Reserve Grand Champion at the Sioux Empire and South Dakota State Fairs. Carries the blood of both Royal Leader and Calrossie Mercury that has been such a successful combination in many leading American herds.

Nearly every Breeder can Use a Better Bull

Take a good look at your last crop of calves. Are they all you are seeking? Take a good look at your cow herd. Analyze their weak points . . . then select a bull showing strong characteristics in the direction you want to move toward improvement of your calves.

The bulls offered in this International Congress have been selected because they have nearly everything the purebred breeder needs to improve his calf crop. Consignors to this Sale have entered outstanding individuals from select show strings to give buyers the ultimate in type and quality.

KICKAPOO MARSHAL - Is an extremely thick, strong-quartered calf with great bone and substance. His dam is one of our most outstanding cows by Imp. Kirkton Eureka that also sired the renowned show heifer, Leveldale Crocus, that in turn was the dam of Leveldale Custodian, Grand Champion bull of the 1952 International and top-selling bull of the year. This calf has a combination of breeding and individuality that should please the most critical buyer.

If the Trend is to Grass...

The Trend is to Shorthorns:

More and more emphasis is placed on grass beef production in the United States and here is what the editor of the National Livestock Producer writes: "Some farmers have informed me that the reason more producers are switching to purebred Shorthorns is that they have been in other breeds for so long and have bred only for the block of beef to such an extent that their herds are losing some of their rustling qualities. With livestock programs shifting to a growing and grazing basis, that quality is very important. They have said that a Shorthorn bull crossed with some of these cows of other breeds seems to restore that quality . . . and they're buying Shorthorn bulls in greater numbers than ever before."

CLEAR CREEK ROYAL LEADER - Is one of the top calves sired by the famous Edellyn Royal Leader 114th. He was third prize Senior Calf at the Ohio and Indiana State Fairs and is just as good as his picture. His dam a member of the famous Cluny Pauline family was one of the top-selling females at the 1952 Edellyn Sale and this calf could easily be one of the most valuable offered this year.

Like Them? of Course You Do!

Development of such Shorthorns is an art . . . and few of us ever attain the propensity of returning more than we are given. Yet here the example is profounded by the fact that the basis of such accomplishment is not beyond the reach of anyone who would take advantage of the opportunity afforded.

Vigilant selection, devotion to principles, unyielding faith in the future and application of practical methods of production by men who developed Shorthorns are the constant reminders that our task today is made easier. We have the material to further develop the world's most useful cattle . . . and should face the future more confident because of the simplicity.

That's the kind of Shorthorns you will find in this sale . . . bulls and females to provide security and confidence in the future.

GOLDEN MAX - Is a dark roan with straight top and bottom lines, heavy boned and is well balanced. He has a near perfect head and is sure to make a great stock bull. His sire heads the Ak-Sar-Ben herd at Omaha, Nebraska, where he is siring a great group of calves. His dam has produced many show winners and sale toppers.

What are you Seeking in Females?

Here are the guideposts of Dr. A. D. Weber, internationally famous cattle judge: "type and character; roominess and thickness without coarseness; good weight for age; good udders; pleasing colors; evidence of thrift and strong constitution; a wealth of natural fleshing with just enough condition to give them a pleasing appearance without impairing their usefulness in any way; and style and levelness of line".

You'll find females of this type in this great annual International Sale - which is the continent's top consignment event of the year - to which breeders only offer the best. Get started on the right road to better production standards that will increase the profit and pleasure of your business by buying females at this banner sale of the year.

Resource is by Phopachy Diplomat and out of the same dam as Glenburn Myrtle 15th, which produced the \$15,000 Edellyn Prig Mercury and his \$2600 sister brought by Mr. Alexander in the 1952 Edellyn Sale. Bangs vaccinated.

International SHORTHORN

BUY IN THE PURPLE

A very significant part of the wealth producing ability of Shorthorns rests upon the cow herd. Cows like these pictured are the backbone of efficiency of any herd. They combine pedigree, individuality, prolificacy and long life. They are reliable as regular producers of the kind of calves that go on into other herds contributing improvement and popularity for Shorthorns and bringing ever-increasing wealth to the owners.

Perhaps no one thing inspires more confidence on the part of a buyer than to see a uniform bunch of matrons like these. But securing uniformity is not a matter of chance. It is a matter of careful planning. In choosing a herd unit of females it is all important to your future success in the business that you buy females of uniform type.

Each year an impressive number of new herds are started at the International Sale with a first purchase of a bull and two females, a bred female, or maybe just a young heifer. Wide, low-set females of ample scale and substance are the kind that produce calves which can take a herd on up into national recognition.

Shorthorns have proved themselves many times over to be efficient and profitable. Their thriftiness is gratifying, their adaptability is unsurpassed, their greater weight for age is inherited and their ability to start strong, robust calves toward early maturity adds still another advantage to their long list of recommendations as the ideal beef breed.

This sale offering is composed of bulls and females capable of increasing your potential farm profits . . . hand-picked animals that best represent the continuous strides made by modern type SHORTHORNS. Buy in this sale. . . **BUY IN THE PURPLE!**

Bred Ju 3, 1953, to Priam's Choce 2684675, second prize senior bull calf of the 1952 International and one of the sale's tops at \$3150. Bangs vaccinated.

1952 International

Grand Champion Female

Leveldale Rothes Queen by Beaufort Bolido, first-prize Senior Yearling and Grand Champion Shorthorn Female of the 1952 International Live Stock Show. She was bred and exhibited by L. E. Mathers and L. E. Mathers, Jr., Mason City, Illinois.

This was a fitting climax to a notably successful show career for this dark roan heifer. As a senior calf she had been Reserve at the National Show in Omaha and at the International in 1951. In 1952 she became even better known through her championship performances at Illinois, Indiana and Kentucky as well as the American Royal and Eastern National. She was a breedy-headed, thick, deep, wonderfully lined, short-legged, closely coupled female and was hard to fault from shoulders to hook.

At this Congress you will have the greatest chance of your life to increase the uniformity of your herd either with the purchase of additional females or a good bull.

Shorthorns Lead the Way . . .

Breed them for Greater Security and Stability

Shorthorns have more to recommend them than any other beef breed. Here are 80 head to prove it with super beef type producing qualities recognized wherever there are improved cattle. They combine in the highest degree the most desirable qualities of shorthorns of leg, compactness of body, straightness of line, smoothness of flesh . . . the ultra-modern type recognized as today's beef ideal.

They have been selected to please buyers who know superiority by right of years of experience and selection and who come to this sale year after year for breed replacements.

All are fitting tributes to the capabilities and vision which have dominated the progress of the breed in America. **BUY IN THE PURPLE** in this sale.

K. ORANGE BLOSSOM A 2D - Is a very attractive, smooth daughter of imported Cruggleton Johnston. She is not in high flesh due to our intention of keeping her as a replacement. Her full-brother was third prize Summer Yearling at the 1950 International and sold for \$2000. in the 1951 Blue Grass Futurity. A full-sister sold in the 1952 International to John Alexander & Sons for \$1400. Consistency of a family justifies every effort to own such an individual. BRED OCTOBER 5, 1953 to CALROSSIE HIGHLAND CHIEFTAIN, our newly imported bull. Pretested clean and BANGS VACCINATED.

For Profit...

Pleasure...

Productivity

You'll want Shorthorns, world's oldest and most useful beef breed and America's most promising breed today. The future is unlimited for the Reds, Whites and Roans, and here is the opportunity of a lifetime . . . the greatest array of quality, bred-in-the-purple show and herd prospects that have ever been offered at this great annual Congress Sale.

BROOKSIDE AUGUSTA A - First prize winner in the summer yearling class of twenty at the 1953 Ohio State Fair. Her dam was purchased in the 1950 Edellyn Sale for \$1600. Her first calf, a heifer, was the 1952 Ohio State Sale Champion and sold for \$1275. Her second calf, a bull, heads a good herd. We believe this heifer can duplicate her dam's record.

Grass To Milk... To Beef

Shorthorns are the most efficient converters of pasture into beef. Cows like these mean steady, reliable year-in-year-out profit for their lucky owner. There is always a dependable market for Shorthorn seed stock. Check the attractive returns per acre from Shorthorn cows like these against any farm program available today.

With Shorthorns profit to the buyer becomes profit to the breeder . . . a solid foundation for an enduring livestock operation. You'll be on the road to lasting success with purchases made at this great BRED IN THE PURPLE sale.

Shorthorns . . .

On many of the grade A farms of America Shorthorns dominate the scene as they do in this picture. As the most efficient of all utilizers of farm feeds Shorthorns symbolize animal agriculture at its best. These deep, thick Shorthorns are the kind farmers and ranchers of America need to market most profitably the forage crops and grasses produced.

STRATHORE ANNE OF LANCASTER = Will be one of the sweetest heifers offered for sale - from a really great breeding family - and is certain to help make a reputation for your herd sire. Last year we sold a good Lancaster to Massey Harris Farms, where she is one of their best females. They are from maternal sisters - two of our best breeding cows.

Your Three-Way Opportunity

Commercial breeders, who represent a vast majority engaged in the production of beef cattle . . . the farmer-breeders who maintain relatively small herds of commercial cattle . . . and breeders of purebred registered cattle constantly seek herd bulls and foundation females.

Thus the demand for improved breeding stock is three-fold and is conclusive assurance of future security for breeders of Shorthorns of the profit-producing type demanded by ranchers, farmers and breeders alike.

Establish your herd in this sale . . . the bulls and females have been carefully selected to provide you with ideal foundation animals.

S. A. DONAHOE

FEMALE

DON HILL ELVIRA 6TH 2742-692 RE-274

Red, calved January 2, 1953. Bred and owned by S. A. Donahoe, Sioux Falls, South Dakota.

The Purebred Breeder is the Tool Maker of the Beef Industry

The ultimate end of all beef cattle is directly or indirectly the market. Purebred breeders, commercial producers and cattle feeders are all interested in improvement in the breeding of cattle, since higher returns at the market naturally accrue to those who have done the best job of selecting better-bred cattle. The breeder of registered cattle plays the major role in improvement of beef type. He must conduct a conscientious and studied breeding program that will produce the type, conformation, thick and smooth fleshing and early maturity desired by the commercial cattleman.

THE SHORTHORN IS A BEEF FACTORY WITHOUT EQUAL

Seven times champion yearling steers over all breeds out of eight Chicago feeder shows - that's the record of Josef Winkler, Castle Rock, Colo. cattleman. He has also had the Grand Champion load of feeder calves over all breeds four times out of the past five National Western Stock Shows in Denver. Few cattlemen can boast the show accomplishments of this Austrian-born Coloradan. In all, he has had the Grand Championship at the great Denver Show seven times since 1925 - more than any other man. Winkler has a roomful of trophies and ribbons to show for it. In 1947, he was voted "Cattleman of the Year" by the Denver Record Stockman. He breeds a modern beef animal, short-legged and of unusual thickness. He has picked his sires carefully and even today finds it hard to locate just the right ones. At the 1951 International he bid up to \$9500. for the Grand Champion Bull sold by McCone Bros., Defiance, Iowa.

These uniform "blocks of beef" represent the proof of Shorthorn performance in beef production. Any one of them would make an outstanding individual show steer. The credit for bringing them to this uniform carlot finish goes to Hugh Morris, Ainsworth, Iowa, who made up the load from purchases in Montana and Colorado. In the packing house they dressed 65.3 percent, outscoring the champion Herefords by one percent.

The modern Shorthorn is a beef factory that is built for better beef at maximum efficiency, and the present-day purebred breeder is making blue-prints for even greater improvements in his output for years to come.
